

POSTAL ASSESSOR ASKS FOR PROBE OF DEED

Mrs. Thomas O. Plant, wife of the wealthy Jamaica Plain shoe manufacturer, who recently disposed of his interests to the United Shoe Machinery Company for \$100,000, today filed through her counsel suit for divorce.

The divorce suit in the Superior Court today ordered a special attachment against the property of Mr. Plant in the sum of \$100,000, the largest sum ever involved in a similar case in this jurisdiction.

Mrs. Plant in her complaint accuses her husband of too much friendship with women who formerly worked for the Plants before they took on housekeeping.

Lived in Different Hotels. Technically the Plants have had their home recently at the Hotel Somerset, 100 Commonwealth avenue, and Mrs. Plant has actually lived there, but it is said by her friends that they were rarely seen at each other's company for several months.

During the progress of the famous negotiations by which the Shoe Machinery Trust obtained possession of the great plant in Jamaica Plain and the title to the patents on Mr. Plant's own inventions of machinery which competed with that of the combine the manufacture lived at the Hotel Touraine.

His marriage up to about a year ago had been considered an ideal love match. The couple seemed extremely devoted, and were seen at society entertainments constantly, especially at the home of Mrs. Plant and Country Club meets.

It was a fine string of horses and his wife showed to advantage in exhibiting them both in harness and in the saddle at the various meets all over New England.

Both Mr. and Mrs. Plant are comparatively young—thirty and thirty-one.

Devoted to Employees. At the great shoe plant in Centre street, Jamaica Plain, the manufacturer has employed over 2,000 operatives. He was at work almost always in close touch with his employees and devoted to their welfare.

In 1902 he organized for their benefit the Queen Quality Athletic Association and gave to the organization the equipment for a library, swimming, bowling alley, billiard room, restaurant, recreation hall and woman's parlor, all costing about \$50,000.

Four thousand guests were present at the dedication of the association in the factory. Mr. Plant personally has been somewhat reticent in disposition, though he appeared with his wife at the home more than at any other social events.

Both have been noted for their love of outdoor life of all kinds. In 1907, when Mr. and Mrs. Plant went on a hunting trip to the New Brunswick woods they captured a small cub named Mrs. Plant took a fancy to the little animal and made a pet of it. It used to follow her on short walks to the village from their estate at West Manchester. But one day the little bear straggled away.

Men were hired to scour the woods all along the North Shore, and Mrs. Plant offered a reward for the return of her pet, dead or alive. But nothing was seen or heard of it until today some workmen saw the animal, and think it was a wild animal, and a gun, with the result that it was shot. It died before it was taken to the plant office at West Manchester.

CHINESE OPTIUM TRADE SUPPRESSED. PEKING, Jan. 19.—The Chinese government has issued an imperial edict commanding suppression of the opium traffic.

The government, which has been expected to sign with Great Britain a trade treaty, the agreement for importation of opium for seven years, has yielded to 20,000 people and will begin to reduce the trade. A petition signed by thousands of people has been sent to the King, asking the government to assist in the suppression of the opium trade.

BERTHA FRIZZELL, WHO SAYS SHE WAS KEPT FROM WEDDING

NORTH ADAMS, Jan. 19.—Mrs. Frizzell today destroyed the heart of the husband whom she married in 1904, a small town near here. The loss is estimated at \$100,000. Her husband was summoned to fight the battle from Williamson, Mass., and North Adams, where the two homes stand in the rear of the church. The house of A. G. Parker was partially burned.

The fire started from a gasoline explosion in the general store of A. G. Parker & Sons. Before it was extinguished it had destroyed the store, a barn and a large entrance connected with the postoffice. The Baptist church and the four homes stand in the rear of the church. The house of A. G. Parker was partially burned.

ELECTION OF SENATOR CURLEY

MASSACHUSETTS LAW RELATIVE TO BRIBERY OF PUBLIC OFFICIALS

Herewith are quoted two sections from the laws of Massachusetts relative to giving and accepting bribes, which will doubtless be of much interest to "Ned" Curtis, Collector of the Port; his friend, Fred Emery, of the Boston Licensing Board; Senator Michael J. Murray, proprietor of the notorious Brighton Hotel; and Senator Maria P. F. Curley. The sections are as follows:

Chapter 210 of the Revised Laws of Massachusetts. Sec. 6. Whoever corruptly gives, offers or promises to a legislative, executive, judicial, county or municipal officer, after his election or appointment, either before or after he has qualified and taken his oath, any gift or gratuity whatever with intent to influence his act, vote, opinion, decision or judgment upon any matter, question, cause or proceeding, which may then be pending or which may be a consideration for any speech, work or service in connection therewith, shall be punished by imprisonment in the State prison for not more than five years or by a fine of not more than \$5,000 and imprisonment in jail for not more than one year.

Sec. 7. A legislative, executive, judicial, county or municipal officer, who corruptly requests or accepts a gift or gratuity or a promise to make a gift, or to do an act beneficial to him under an agreement, or with an understanding that his vote, opinion or judgment shall be given in any particular manner, or upon a particular side of any question, cause or proceeding, which is or may be brought before him, in his official capacity, or as a consideration for any speech, work or service in connection therewith, or that in subordination work or service in connection therewith, or that in subordination capacity he shall make any particular nomination or appointment, shall be punished by imprisonment in the State prison for not more than five years or by a fine of not more than \$5,000 and imprisonment in jail for not more than one year.

The scandal connected with the reelection of Henry Cabot Lodge to the United States Senate has stirred Boston and the State as they have not been aroused in many years.

It has not only exposed Senators Murray and Curley as traitors to the Democratic party, but it involves the Licensing Board of Boston, the Collector of the Port and certain contracting interests.

The scandal was the subject of discussion not only in Boston, but all over the State to-day. Charges will be made against some of those implicated, and it was declared to-day that a searching investigation would certainly follow.

Liquor Dealers' Association Not Involved. Lodge was elected, it becomes clear every hour, through the corrupt liquor interests of this city. There is nothing, however, to indicate that the Liquor Dealers' Association is involved in any way. It is the corrupt individual liquor dealers who are responsible for the betrayal of the people in the Senate.

Condemnation of Senator Murray and Curley were heard on all sides to-day. Their future course in the Legislature will be closely watched.

Collector of the Port "Ned" Curtis, the Lodge Republican "Boss" of Boston, who violated the Federal statutes in coercing Curley, and by "promises" obtained his vote, is not only censured by the Republicans for his act, but charges will be preferred against him, both to President Taft and Secretary MacVeagh.

Fred Emery, a smooth politician of the Licensing Board, is in danger of losing his fat job for "courtesy" to Curley and promising him a liquor license, and for influencing Murray, who will soon require a new license for his notorious Brighton Hotel. Murray has been anxious for some time to secure a 12 o'clock license for his dive. Such a license would be worth at least \$25,000 a year to Murray.

Senator Curley owns the house that Emery lives in. That gives an idea of the intimacy of the two men. They are not only political friends, but they are social friends.

Mr. Curley Laughs at Mr. Murray. Senator Curley, whose vote helped elect Lodge, spent a busy forenoon waiting on the House of Representatives for "courtesy" to Curley and promising him a liquor license, and for influencing Murray, who will soon require a new license for his notorious Brighton Hotel. Murray has been anxious for some time to secure a 12 o'clock license for his dive. Such a license would be worth at least \$25,000 a year to Murray.

"Some of the other changes he plans are:

"An individual cigarette and tobacco for every cigarette in the case, instead of one smoke per night being allowed to each man."

16 IN PERIL ON BOARD WRECK

FRISCO, Cal., Jan. 18.—Waterlogged and a hapless wreck, the steamship Lakem, with a crew of sixteen men, today was drifting in the dangerous straits of Cape Blanco. It was feared all hands will be lost.

The Lakem left Coos Bay, near San Pedro, yesterday afternoon. Later she sprang a leak so badly that in a few minutes the water had put her overboard and she became unmanageable. The heavy southeast gale added to the difficulties. She managed to float her condition to the stevedore Watson, which was bound north.

The rioting was started by a crowd of about 100 men, who, with the troops, were ordered to disperse. MANY NOVELTIES AT GYM MEET

New features introduced at the gymnastic exhibition under the auspices of the Brookline Gymnasium Athletic Association. In the Brookline municipal gym last evening, included lariat spinning and jack-in-the-box entries by the senior gymnastic

These, with the exhibition by the Harvard gymnastic team, a June-bug dance by the senior girls' team, and a solo dance by Miss Mary V. McGrath, one of the instructors, provided an entertainment for a large audience.

Oscar Hedlund ran an exhibition race against J. Hinfenstein and G. Whitney, romping home an easy winner. Hedlund's

Walter Falls and J. Hogan were matched for a wrestling bout which went fifteen minutes without either man getting a fall.

The physical director, J. Leonard Mason, gave a lecture and exhibition of club swinging.

Brookline High won a relay race from English High, the finish being very close between Stone and Meanix. The latter won.
